

LIPACTIVE GREEN COFFEE

FIRMS - SOFTENS

FIRMNESS

LIPACTIVE
GREEN COFFEE

LIPOBIOACTIVE

> ACTIONS

- Improves skin elasticity and suppleness
- Preserves lipid balance and moisturization
- Limits ageing

COMPOSITION

Fatty acid composition

• Linoleic acid (omega 6)	30-50%
• Palmitic acid	25-45%
• Stearic acid	5-20%
• Oleic acid (omega 9)	5-20%
• Arachidic acid	1-10%
• Alpha linolenic acid (omega 3)	0.5-5%
• Tocopherols \geq 500 mg/kg	
• Sterols \geq 7000 mg/kg	

ORIGIN

Green coffee
Coffea arabica
(Seeds)

Oil extracted by 1st cold pressing
of the seeds.

> MECHANISM OF ACTION

The unsaponifiable fraction of vegetable oils comprises squalene, vitamins (carotenoids and tocopherols), alcohols, triterpenes and sterols, whose beneficial effects on connective tissue and the epidermis are well-known: acting as a genuine plant collagen, unsaponifiables improve skin elasticity, protect against dry skin and limit ageing.

> COSMETIC BENEFITS

- Skin is nourished and moisturized.
- Supple and elastic, its texture is smoothed.
- Plumper, it appears younger.

> COSMETIC USES

- ▶ Anti-ageing care products
- ▶ Firming care products

- ▶ Nutrient and moisturizing care products
- ▶ Slimming care products

> SCIENTIFIC PROCESS

The unsaponifiable fraction regenerates and maintains the structure of connective tissue, restoring the skin's firmness, suppleness and elasticity.

The antioxidant tocopherols combat premature ageing, while linoleic acid preserves the skin lipid balance, thus avoiding keratinization problems.

The moisturizing activity of LIPACTIVE GREEN COFFEE is 6 times higher than that of sweet almond and jojoba.

FORMULATION

Concentration for use: 1 to 5%

Caution for use:

Add to emulsions, at the end of the preparation process, either cold or at 35-40 °C, during cooling.

TECHNICAL DATA

Characteristics

Organoleptic	Appearance: liquid Colour: greenish-yellow to brown
--------------	--

Storage

Keep in a dark place, in the original packaging and at ambient temperature (15-25 °C). Use rapidly once opened, or transfer to sterile packaging.

Tolerance tests

- Eye irritation: mildly irritating
- Skin irritation: non-irritant

INCI name: Coffea arabica (coffee) seed oil
